The following nutritional information is calculated utilizing a combination of independent laboratory analysis and Genesis R&D Software version 11.4.0 ESHA Research, Inc. Buca di Beppo has made an effort to provide complete and current nutrition information, however, the handcrafted nature of our menu items and changes in recipe, ingredients and kitchen procedures may cause variations from these values to occur. Therefore, the values shown here should be considered approximations. From time to time we may have to obtain product from different or substitute supplies which may alter information contained herein. While menu item ingredients are based upon standard product recipes and portions, variations may and do occur based upon ordinary differences inherent in the preparation of menu items, local suppliers, region of the country and season of the year. A 2,000 calorie daily diet is used for general nutrition advice but calorie needs vary. Please contact famiglia@bucainc.com if you have any further questions.
